Snehi Shree Usha ji and enthusiastic team of Shree Shakti Seva Kendra,

Saprem Namaskar.

I am much pleased to receive your letter informing me about the philanthropic activities being carried out by your social service-oriented organization. I really appreciate your social activities being performed under the mission of 'ભીખે નહીં, પણ ભણવા જઈએ'.

Helping others with an aim to bring out the most marginalized families into the mainstream of the society, especially children and to provide education without the expectation to receive anything in return is the key element to perform social services. I would like to congratulate for your endeavours to contribute to society at large for social and humanitarian activities.

I hereby convey best wishes to each person associated with Shree Shakti Seva Kendra for their social service and philanthropic activities.
